FOAM ROLL & RELEASE

Foam rolling is used to increase circulation, release “knots” or adhesions that form in muscles, and it is also used to help relax the nervous system. Simply by using your own body weight on the rollers, you can reduce pain and tension, and restore normal muscle length and balance.

NEW! GENTLE FLOW YOGA

This class allows students to flow slowly through breath and movement to become more comfortable with the poses. This class is great for those who prefer a slower paced class. “Gentle” does not necessarily mean “easy.” Learn the foundation and understand postures, alignment, and build strength and flexibility in each class.

INTRO TO PILATES

This 30-minute class is offered from **September 1-22 only**. It is for those interested in learning what to expect in a Pilates class, proper terminology and technique, as well as how to get the most out of Pilates.
